**PRESS RELEASE**

# NEW HYDRAMEMORY AND SUBLIME SKIN AMPOULES MICROSONIC DEVICE

Responding to the growing demand for products inspired by dermatological treatments, with immediate, visible results, [ comfort zone ] presents two new very effective, **concentrated ampoules** dedicated to younger and more mature skin which bestow glow and rejuvenation within 7 days!

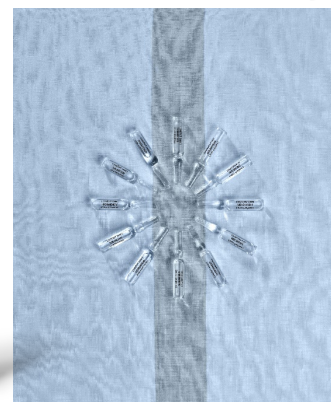

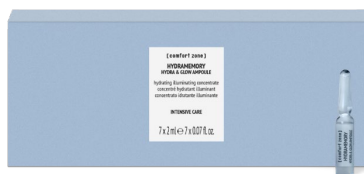

**HYDRAMEMORY HYDRA & GLOW** and **SUBLIME SKIN LIFT & FIRM AMPOULES** are the perfect intensive and alternative home-care solution for those who are in lockdown as well as the **ideal enhancement after spa facials** for the lucky ones that have access to beauty salons and day spas.

Following the brand's **Conscious Skin Science™** approach, the formulas are **totally clean, rich in natural-origin and safe high-tech ingredients, and free from** animal derivatives, artificial colorant, fragrance and parabens, ideal for vegans and everyone who looks for sustainable and transformational skin care. Both products are **made in Italy, Parma, Italy, at the Davines Village, a certified B corporation and a carbon-neutral production site**, using only renewable resources and fully recyclable and CO2 offset packaging.

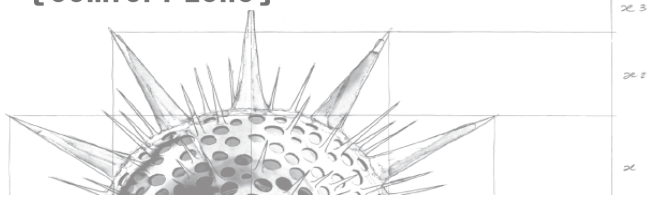

[ comfort zone ] also presents the **new Microsonic Facial Device**, a rejuvenating at-home Device that works with **ultrasounds and microcurrent for cellular regeneration**. It is ideal to **ensure a deep cleansing and detox** to prepare the skin, and to **improve the penetration and efficacy of the active ingredients**, therefore the perfect match with the launch of the ampoules.

# HYDRAMEMORY HYDRA & GLOW AMPOULE

Hydrating and illuminating concentrate that makes the skin **plumper, smoother and radiant**. Recommended for younger skin 25 to 40 years, and for more mature skin in very hot climate.

## ACTIVE INGREDIENTS

**NIACINAMIDE** Also known as vitamin PP, it is moisturizing and brightening and actively protects the skin barrier.

**NAG N-ACETYL GLUCOSAMINE** Obtained through the natural process of fermentation, it works in combination with niacinamide for optimal glow and antioxidant protection.

**PGA POLYGLUTAMIC ACID** Obtained through the natural process of fermentation,, it mimics the action of hyaluronic acid, improving deep hydration and preventing skin dehydration (TEWL) through a barrier effect.

# SUBLIME SKIN LIFT & FIRM AMPOULE

A firming, antiaging concentrate that makes wrinkles less visible and the skin toned and lifted. Recommended for mature skin 40+ years, and in presence of premature aging signs such as wrinkles and loss of tone.

## ACTIVE INGREDIENTS

**ACETYL HEXAPEPTIDE 1** A biomimetic peptide inhibiting muscle contraction mechanisms, scientifically designed to mimic the action of botox. Surface wrinkles are reduced in both volume and depth.

**EPIDERMAL GROWTH FACTOR (EGF)** A plant-based protein promoting skin regeneration and the synthesis of extracellular matrix components responsible for the fullness and tone of the face. It stimulates the natural production of hyaluronic acid, collagen and elastin, which significantly increase skin elasticity.

**MACRO HYALURONIC ACID** A very active moisturizing and replumping high-tech ingredient providing an immediate firming and lifting effect.

## EFFICACY TEST

IMMEDIATELY

100% of women report their **skin looks smoother, firmer and fuller.**

AFTER ONE WEEK

90% of women report surface **wrinkles and expression lines are less visible.\***

\*Clinical tests by an independent laboratory\_ panel of 20 people aged between 40 and 60.

# HYDRAMEMORY AND SUBLIME SKIN AMPOULES

## HOW TO & BEAUTY ROUTINES

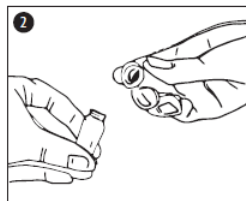

Use the **ampoules** when the skin requires intensive care or after a professional facial treatment, to prolong the results over time.

**RECOMMENDED APPLICATION** Once a day for seven days, morning and/or evening.

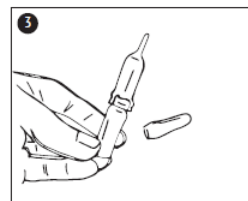

Thoroughly cleanse the skin before applying the ampoule with ESSENTIAL or REMEDY line according to the skin condition, and intensify the detox action with the MICROSONIC DEVICE.

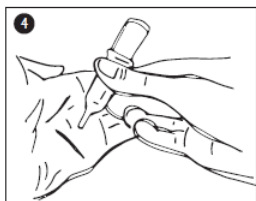

Place the drop counter on the head of the vial.

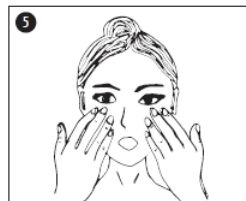

With a firm movement, open the vial by breaking it at the level of the pre-breaking ring.

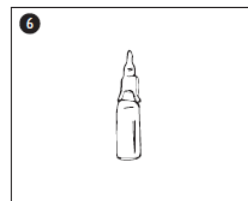

Remove the broken part and position the drop counter on the neck of the open vial.

Exert light pressure on the drop counter to release around half of its contents onto the palm of your hand.

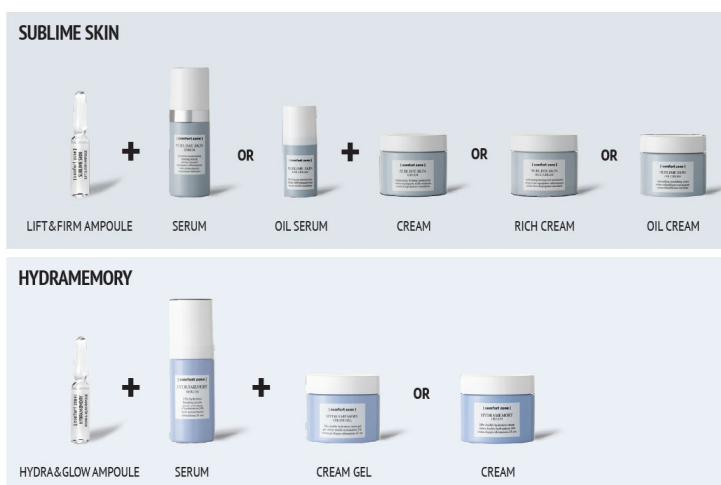

Dab the product on your cleansed face, neck and chest until fully absorbed.

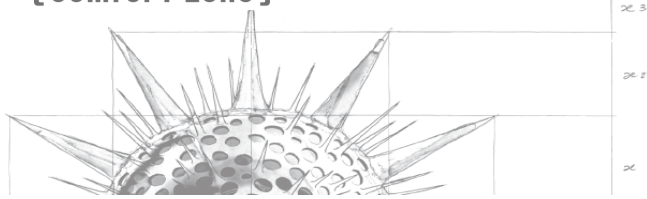

Place the vial back upright and place the cap on the drop counter, ready for the next application.

### BEAUTY ROUTINE

Apply the vial content with circular movements, use the MICROSONIC DEVICE to ensure perfect absorption and then follow up with HYDRAMEMORY OR SUBLIME SKIN SERUM and CREAM according to your age and the climate you live in.

# MICROSONIC DEVICE ANTI-AGING DEEP CLEANSING FACIAL TREATMENT

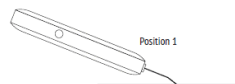

A made-in-Italy **double technology** inspired by professional devices, including **ultrasound and microcurrent**, with three main actions: **deep skin cleansing, regenerative antiaging stimulation** and **optimized product absorption** for ultimate results on the skin.

## ULTRASOUND

This technology **favors a deep cleansing of the skin and the pores**, without squeezing the skin mechanically, and **stimulates the removal of the dead surface skin cells, ensuring a perfect** preparation for the **infusion of subsequent skin care products**.

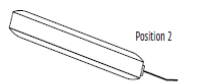

**The sound waves penetrate into the skin, without causing any discomfort or adverse side effects**, making the process highly effective, with no downtime, redness or pain.

**They dilate blood vessels, thereby improving blood circulation and cellular hydration, and also stimulate the body's creation of new collagen**, the natural protein that gives skin its youthful firmness and elasticity.

## MICROCURRENT

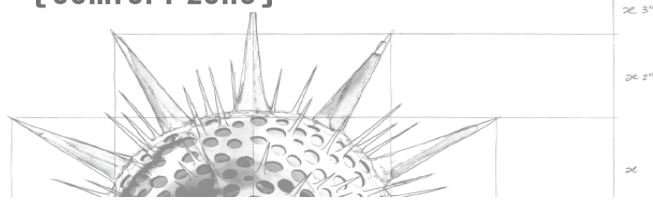

Regenerative anti-aging stimulation of the deeper layers of the skin, which serves as a **powerful stimulator for cellular metabolism and microcirculation**.
