ESSENTIAL TRIO

/anti-pollution moisturizing kit

To effectively protect and detoxify the skin from stress and pollutants with three /skin regimen/ favourites.

Kit contains:

- Cleansing Cream /anti-pollution face wash 40ml
- Tripeptide Cream /age-defense moisturizer 12ml
- Hand Cream /moisturizing hand cream 12ml

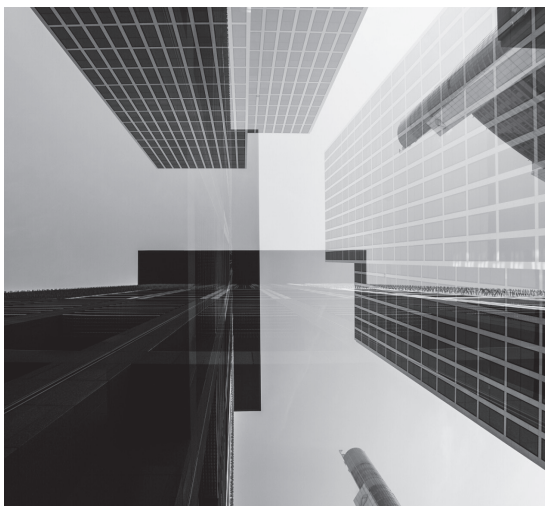

A Modern Plant Chemistry™ skincare approach, clinically proven to reduce the effects of stress and lifestyle aging on both skin and mind.

The range is designed to meet the needs of urbanites and modern multitaskers who live in today's fast-paced world and want to be the best version of themselves while coping with the effects of daily stress and pollution.

/skin regimen/works at a cellular level to slow down lifestyle aging and correct all the most common stress-related signs, such as dehydration, dullness, impurities, fine lines, and wrinkles and, a process caused by modern, hectic, urban life.

All formulas are totally functional, with highly concentrated powerful botanicals and high-tech molecules and are free from synthetic fragrances, silicones, animal derivatives, artificial colorants, mineral oils and parabens.

They all contain the exclusive Longevity Complex™, made of organic superfood extracts (Wild Indigo, Maqui Berry, Spinach) and carnosine, counteracting the effects of stress and aging accelerators and a Natural Aroma with Copahu, Juniper, Cedarwood and Rosewood essential oils with a tested rebalancing, reinvigorating effect.
